

## Encaustic supply list

Please bring at least one encaustic paint brush, 2 or 3 different sizes would be ideal. Flat Hake brushes or any hog or natural hair brushes work best. These are relatively inexpensive, 1" or 2.54cm flat works great. **\*\*DO NOT** bring synthetic brushes as they will melt.

If you have the following items you would like to try and incorporate into a painting please feel free to bring them along:

- Vintage paper
- Old letters
- Postage stamps
- Japanese paper
- Book pages
- Any drawing medium – pencils, felt pens, chalk (pastel & oil) charcoal etc.
- Palette knives
- Any small objects like leaves, feathers, buttons etc.
- Mark making tools (clay tools work great)

The instructor will provide all wax and paint colours as well as brush cleaner. In addition, all substrates required will also be provided.
