

Summer Camp Supply List

If the student is new they will make a tote bag as their first project and will need to bring 1/2 meter of outer fabric, 1/2 meter of lining fabric (quilting cottons work well for both, and home decor fabric for the outer bag makes a super tote bag) and matching thread.

Then students will need a pattern and fabric with notions for any garment they plan to make. A simple sun dress, elastic waisted skirt, shorts, pj pants, ponchos, simple jackets ect.

Returning students need to bring in a pattern with fabrics and notions as they have already made a tote bag.
